**RE: PATRIOT ELECTRIC LTD.**  
**BUSINESS OF THE YEAR AWARD (1-10 EMPLOYEES) NOMINATION**

To whom it may concern;

We are pleased to provide this letter of recommendation for Patriot Electric Ltd.

Congratulations to both David Moss and the staff of Patriot Electric Ltd. for the honour of being nominated for the Victoria Chamber of Commerce 'Business Of The Year Award' (1-10 employees).

Patriot Electric Ltd. has completed several projects over the years which have been completed both on time & on budget. We have found Patriot Electric Ltd. committed, reliable & enjoyable to work with. Their attention to detail & commitment to solving problems has set them apart from many others.

A few of the most recent projects we have worked together on have been extremely high end custom homes and school dorm facilities at a very prominent local private school. Patriot Electric Ltd. has proved their ability to work closely with the owners, designers, sub trades and architects to assure seamless continuity of such fluid projects.

As a building contractor, we have worked with a large number of trade contractors and found Patriot Electric Ltd. most deserving of such a prestigious award.

Sincerely,  
CAMPBELL CONSTRUCTION LTD.

Wayne Farey  
General Manager/Operations Manager
