Re: Patriot Electric

My name is Ryan Brown and I am the outside sales rep for Nedco Victoria. I have been doing business with Patriot Electric (David Moss) for the past 5 years. It has been a pleasure to work with Dave and his crew on several jobs throughout Victoria (SLS Renfrew, Campbell Residences) and many more I could mention. Dave has made it very easy to work with him due to his professionalism and organization. Recently Dave was invited to an invite only trade show in Vancouver were there were many venders showing the latest technology in energy management. Every vendor that had the pleasure of meeting Dave were very excited to do business with him and move forward in the energy management trend with Patriot Electric. Nedco and my self would like to congratulate Patriot Electric and his team on being nominated for the business of the year award. We believe at Nedco there is no other company as deserving as Patriot Electric.

Please feel free to contact me at anytime 2530-857-3629

Regards

Ryan Brown
